- S6** (Pink line)
- S11** (Green line)
- S12** (Blue line)
- S13** (Yellow line)

Two circular insets show a man and a woman smiling, and a woman and a child smiling, suggesting a positive impact on the community.

Meilenstein für eine zukunftsfähige Mobilität

Langfristige Vision ist das Kölner S-Bahn-Liniennetz 2030+. Bis dahin soll das aktuelle Angebot zu einem leistungsstarken S-Bahn-System ausgebaut werden, das die Region gut und schnell vernetzt. Geplant sind insgesamt neun Linien, die für optimale Anbindungen sorgen.

In Köln Hbf und Köln Messe/Deutz ist der Bau je eines zusätzlichen S-Bahnsteigs vorgesehen. Darüber hinaus werden barrierefreie Zugangsmöglichkeiten an den bestehenden Bahnsteigen im Bahnhof Köln Messe/Deutz geschaffen.
